Dear Kris,

I am pleased to quote to you per state STS # 7751501009 (effective date 4-1-09), one new Duraco Durapatcher, model 125DJT trailer mounted spray injection machine equipped with the following features:

- Trailer: Dual axle 12,000 pound capacity
- Empty weight: 5,380 pounds
- Four 6 ply rated 15" tires
- Electric brakes with breakaway
- Strobe light safety flasher
- Trailer lighting
- Engine: 80 horse power four cylinder diesel engine
- Blower: Direct drive off engine
- 450 CFM @ 7 PSI air flow
- Air relief pop off valve
- Replaceable paper filter element
- Compressor: Heavy duty direct drive compressor
- 70-90 PSI operating range
- Emulsion Tank: 250 gallon tank
- 2" insulated and covered jacketed tank
- Two 1500 watt heater blankets with thermostats
- Hot oil heating system
- Hoses: 3.50" x 16.4" aggregate hose
- Swinging hose carrier
- Arrow board directional signal, tool box, electric emulsion control
- Quantity gauge for emulsion tank, boom mounted crack sealing valve

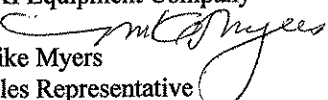

State Price with all attachments and S&H included.....\$61,654.50
Delivery Approximately 4-5 weeks from receipt of order
Price good for 45 days

If funds are not available, then you may want to consider a Municipal Lease. You can put no money down and defer your first payment for a year. At the least, your savings will far exceed what your lease payment will be. The Durapatcher will recover it's own cost.

We also supply emulsion year round (rapid set for summer use and medium set for winter use) and have heated storage tanks for sale or for rent. These are through are sister company Northcoast Products.

If you have any questions please call us anytime. I hope we can be of service to you.

Sincerely,

OKI Equipment Company

Mike Myers
